About Vintage Church:

Our mission at Vintage is to 'Show people who Jesus is!'. That has been the vision since we Launched in 2010. Vintage has grown since then with a heart to spread the good news of the Gospel, to an entire region, by seeing healthy Churches established.

As a church we are experiencing God's favour. Peoples lives are being changed, relationships restored, families strengthened and broken hearts made whole. This has been highlighted by 63 people being baptised since we launched and our churches continue to grow through people coming to know Christ as their Lord and Saviour.

Our Vision for planting churches:

Vintage Church is dedicated to empowering pioneer leaders to plant healthy churches in Great Britain and throughout Europe. Research has shown that church planting is, undeniably, the best means of reaching unchurched people with the the Gospel.

We believe that every community deserves a healthy church. Not just any church, but a church that has been adapted to the needs of the community and led by someone who is passionate about that community. One size doesn't fit all. Instead, we believe that God works through a variety of church models whether you live in a City, Town, or Village, He wants to work in your community.
