15 June, then 6 July, at 4.30pm (UK) via Zoom.

The scope of Jesus' "Great Commission" is bigger than most Christians realise. It isn't just about 'getting people saved'. God's dream of His kingdom on earth is comprehensive and all-embracing. What's more, He invites us *all* to engage with Him in bringing it about! Sadly, many have lost sight of this radical vision and purpose. Many feel disempowered, mere spectators, and lacking in true life purpose.

You are invited to join a new online forum with the aim of helping empower people to engage with God's BIG purpose.

Hosted by Stuart Simpson (Catalyst Ministries) and Roger Allen (Together4Bristol), each session will explore what God's purpose is, the barriers that limit it being outworked, and some very practical information which will help empower everyone (including YOU!) to make a meaningful contribution, and live a fruitful life of purpose.

There will be an opportunity to engage in discussion and ask questions at each session.
