

## the Light House...

- a beautiful wide beam barge on the upper reaches of the floating harbour in Temple Quay - a place of sanctuary and fragrance

## our vision...

- a safe, beautiful and intimate space for prayer, reflection and connection
- a place of belonging, welcome, hope, joy, light, encouragement, lamentation and celebration
- to see people working in Temple Quay increasingly following Jesus
- to see God's Kingdom clearly revealed in Temple Quay through changed lives and businesses and flourishing community

## our values...

encourage us to be a charity established by God, centred on Jesus and inspired by the Holy Spirit

where...

- prayer is our engine
- no-one is an outsider - everyone is significant, secure and accepted
- we don't have all the answers and it's ok to try and fail
- we walk alongside each other and learn together

and that...

- is creative and releases people to dream big, imagine and be adventurous
- celebrates and shares our personal stories of the highs and lows of life
- is light on doing, resources and structure
- is high on partnering and collaborating with others and discipling

Temple Quay

our purpose is to...

- ...create a place for Christian prayer, which is embraced by the community
- ...be a spark for changed lives, workforces and the community

by bringing a prayer barge into the heart of blessing the working community in
