

Science, Faith and Society

– a Christian Perspective (Part 2)

Christians in Science Bristol is informally affiliated to Christians in Science UK (www.cis.org.uk). Christians in Science is an international network of scientists, teachers and all those interested in the dialogue between science and Christian faith.

This year the Bristol local group lectures are continuing to explore the multi-faceted relationship between science and society. For recordings and slides of our previous talks please visit www.cis.org.uk/groups/Bristol
